P.'s hands. And in "Your Affectionate Godmother" much sound common sense is combined with a literary restraint of which Mrs. Glyn has not always shown herself so capable.

> The book is a clearly, if colloquially, phrased guide to the modern girl who has just left school and who stands at the beginning of the road which Mrs. Glyn thinks should lead straight to the altar. 'Marriage is the aim and end of all sensible girls," the author observes. "The natural goal and the happy and glorious goal of a woman is to strive to be the inspiration and the worshipped joy of a man. When she has to be self-sufficing, then, no matter how great she may become, the happiness is only second best."

Which I think most "self-sufficing' women will admit to their own hearts, if not to the world. Where they will doubtless quarrel with Mrs. Glyn is in respect to her implication that they are at least partly to blame for their own condition. And yet here is her summing up of the mod-

ern girl: "The modern young woman is so inputely selfish that, as a rule, her manners are only good when some definite momentary gain to herself makes their display worth while. She is often as primitive as a young savage with a smattering of hardly ever sees a really gracious and graceful young girl, and some
